

BULGARIANS ARRIVE TO GET ALLIES' TERMS IN TREATY OF PEACE

Delegation Arrived at the Lyons Station in Paris This Morning and Were Received by Col. Henry on Behalf of the Allies—They Were Then Escorted to Chateau Madrid at Neuilly.

ALLIES' COUNCIL THINKS 150,000 ARE NEEDED ON RHINE

General Understanding Is That All Allied and Associated Armies Should Be Represented in the Military Occupation of Silesia, Barring United States, of Course, if the Senate Does Not Ratify.

Paris, July 26 (By the Associated Press).—The Bulgarian peace delegation arrived at the Lyons station this morning.

The delegates were received by Colonel Henry on behalf of the allies, and escorted to the Chateau Madrid at Neuilly.

Paris, July 26.—The size of the force required for the occupation of the Rhine under the peace treaty was discussed by the supreme council to-day. For the present, it is said, 150,000 men will be thought necessary on the left bank of the Rhine.

The organization of the military expedition for the occupation of Silesia during the taking of the plebiscite also was considered. The general understanding is that all the allied and associated armies should be represented. Participation of American troops, however, depends upon ratification of the peace treaty, it is pointed out, as in case of unfavorable action there would no longer exist a reason for the presence of the Americans.

WILSON WRITES LODGE ON SENATE RESOLUTION
At the White House It Was Announced To-day That the Letter "Was Not a Refusal of Anything."

Washington, D. C., July 26.—President Wilson has written a letter to Senator Lodge, chairman of the foreign relations committee, dealing with a resolution recently adopted by the Senate. In making the announcement to-day White House officials said the letter was not a refusal of anything. The resolution referred to in the letter was supposed to be that of the committee asking for all documents used by the American delegates at the peace conference.

PACKER CUDAHY DEAD.
Made His Millions in Pork, Etc., and Gives Way to His Son.

Milwaukee, Wis., July 26.—Patrick Cudahy, president of Cudahy Brothers company, packers, of Cudahy, Wis., died yesterday. Mr. Cudahy, rated a millionaire, retired from active business in 1915, making his son, Michael, the executive of his packing business. Later when his sons, Michael and John, entered the war, he again became the chief executive.

Mr. Cudahy was born in Ireland in 1849. He came to this country when a lad and at the age of 12 embarked as an employee of a packing concern. In 1875, he became a partner of Plankton and Armour and in 1888 with his brother, John, bought the Plankton interest and later established the Cudahy Packing company.

TAFT SAYS LETTERS WERE CONFIDENTIAL
Those Addressed to Will Hays on July 20 Were Plainly Marked and Published Without Consent of Either—Associated Press Got the Letters from Other Sources.

New York, July 26.—The Associated Press has received the following message from ex-President Taft:

AMERICAN SOLDIERS TAKING GERMAN BRIDES

As Yet No Charges Have Been Preferred Against the Men, as It Is Believed the Marriages Are Due to Misunderstanding.

Coblenz, Thursday, July 24 (By the Associated Press).—Reports of marriages between American soldiers and German girls have been received at headquarters from various parts of the occupied area during the last few days, but as yet no charges have been filed against any of the men, as it is believed the marriages were due to misunderstanding regarding the anti-fraternization regulations.

U. S. TROOPS NEEDED TO SETTLE SIBERIA

Pres. Wilson Informs Senate That Their Presence Is a "Vital Element" in the Restoration and Maintenance of Traffic.

Washington, D. C., July 26.—President Wilson informed the Senate yesterday in response to a resolution by Senator Johnson, Republican, of California, that the presence of American troops in Siberia was a "vital element" in the restoration and maintenance of traffic on the Siberian railroad and that under the agreement with Japan they could be withdrawn only when the American railway experts operating the road were withdrawn.

The president said Siberia could be protected from a further period of chaos and anarchy only by keeping the railroad open and that lacking the prime essentials of life the people there were looking to the United States and the allies for economic assistance. This already is being extended, and additional supplies are to be sent forward. Moving bands having no connection with any organized government in Russia are menacing the railroad, the president said, and consequently its protection by the military is necessary. American troops, he said, now are engaged in guard duty at Vladivostok and around Verkhne Ussinsk. A small body also is at Harbin.

The original purposes of the American military expedition, Mr. Wilson wrote, were two-fold: the saving of the Czechoslovak forces and the steadying of the Russians at self-defense or the establishment of law and order, in which they might be willing to accept assistance.

Major-General Graves, commanding the expedition of 8,000 men, was specifically directed not to interfere in Russian affairs, the president said, but to support wherever necessary John H. Stevens, the American railway engineer, who is carrying out the work of rehabilitating the Siberian railroad under the direction of the interallied committee.

MEXICANS SEEKING BANDITS

Who Held Up and Robbed Americans Near Tampico.

Washington, D. C., July 25.—Acting upon special instructions from President Carranza, the Mexican military authorities at Tampico are making unusual efforts to capture the bandits who on July 6 held up a boat from the United States steamship Cheyenne in the Tames river and robbed the crew. This information was contained in a radio message to the navy department yesterday from Commander Finney, senior American naval officer at Tampico.

The message said the Mexican authorities had adopted a very conciliatory attitude and that General Gonzales, the military commander in the Tampico district, had been instructed by President Carranza to increase the safeguards and guarantee offered American lives and property.

EIGHT HUNDRED KILLED.

And 1600 Wounded During the Recent Disturbances.

London, July 26 (By the Associated Press).—Eight hundred natives were killed and 1,600 wounded during the recent disturbances in Egypt, according to dispatches from General E. H. H. Allenby.

RESERVATIONS BEING TALKED

Many Senators Have Suggestions for Adoption With Peace Treaty

SHANTUNG MATTER STILL UNSOLVED

But Pres. Wilson Was Reported to Be Hopeful of Early Development

Washington, D. C., July 26.—Shantung and reservations continued in the spotlight of official discussion to-day both in executive and Senate circles, though so far as surface developments were concerned there was a lull in the peace treaty fight. Both the Senate and the foreign relations committee had adjourned until Monday and President Wilson had no Republican senators on his appointment list.

There were many conferences, however, to talk over reservations proposed for inclusion in Senate ratification of the treaty. Many senators, especially of the pro-league group of Republicans, have framed reservations they hope to see adopted and an effort to agree on some general program of action is the subject of much earnest negotiation.

Although the White House and the state department remained silent on the informal conversations under way with Tokio regarding Shantung, an unusual element of expectancy was added as a result of the statement of Senator Spencer, Republican, Missouri, that in his talk with President Wilson yesterday, the president showed himself very hopeful of an early development to clarify the situation.

JAPANESE INVESTIGATE SHANTUNG SITUATION

Japan Is Said to Be Ready to Make All Enterprises in Shantung, Including Railroads and Mines, Joint Undertakings with Chinese.

Tokio, Wednesday, July 23 (By the Associated Press).—Kenshi Yoshizawa, former councillor of the Japanese legation at Peking, left here to-day for the Shantung peninsula to conduct a special investigation of conditions there preparatory to negotiations with China for the return of its sovereignty over the territory controlled by Japan under the German peace treaty. The negotiations, officials indicated, would be initiated after ratification of the peace treaty by the privy council, which officials said they expected would take place before Sept. 15.

Much interest is displayed by officials here in the inquiries made in the United States Senate by Senator W. E. Borah of Idaho, regarding the negotiations, officials indicated, would be initiated after ratification of the peace treaty by the privy council, which officials said they expected would take place before Sept. 15.

Japanese officials said Japan is ready to make all enterprises in the Shantung, including railroads and mines, joint undertakings with the Chinese.

Japan, it is understood, is having difficulty in inducing China to discuss the Shantung question. Failure of the Chinese delegation at Paris, it is said, to sign the peace treaty is proving to be a source of embarrassment.

PLAN DEPORTATION.

Of Persons Found to Be Anarchist Agitators.

New York, July 26.—The United States department of labor has asked the joint legislative committee which is investigating seditious activities in this state, for all evidence in its possession which would aid in bringing about the deportation of anarchist agitators and especially that which would prove the anarchistic nature of the I. W. W.

The request of the government was contained in a letter written by Byron H. Uhl, assistant United States commissioner of labor, to State Senator Lusk, chairman of the committee, introducing A. P. Schell, special immigration inspector at Ellis Island, to whom Senator Lusk was asked to turn over the evidence in his possession. Senator Lusk announced that the committee would be glad to co-operate in every way with the federal agents.

The only witness examined by the committee when it resumed its sessions here yesterday was Von Svarz, a Cleveland attorney, who recounted the conditions which prevailed in Petrograd just before and just after the bolshevik overthrow of the Kerenski regime in 1917.

FAST TIME AT TOLEDO.

Two Heats in Grand Circuit Meet Went in 2:02 1/2.

Toledo, July 26.—The final day of the Toledo grand circuit meeting here yesterday was featured by fast time and hotly contested events, two of them going into extra heats for a decision. Tommy Murphy, the Poughkeepsie driver, won the 2:15 trot with Pensee in straight heats and the Fort Meigs \$2,000 stake in the 2:12 pace with Direct C. Burnett, but four heats were necessary in both the 2:04 and 2:19 trot, which were won by McMahon with Belle Alcantara and Hyde with Joseph Guy, respectively.

The first two heats in the 2:04 pace went in the time of 2:02 1/2. The race was between Belle Alcantara and Lizzie March, the latter finishing first in the opening heat.

AMERICAN PROPERTY IS NOT LIQUIDATED

Although German Government Had Issued a Ruling Permitting Such Action Because the United States Had Done So.

Berlin, July 25 (By the Associated Press).—Germany has not liquidated American private or business property, Clemens Von Delbueck, acting minister of justice, told the Associated Press correspondent to-day. He declared that Germany, on March 4, 1912, issued a ruling whereby the liquidation was permitted because America already had done the same.

While America carried out this liquidation measure, the minister said that Germany never did so, but, on the contrary, merely regulated and administered American property. "When this administration is removed the Americans will have their free property again," said Herr Von Delbueck.

"In no single case has Germany touched or violated American trademarks," continued the minister. In the case of patents he distributed licenses for their use by Germans in five cases, but never declared American patents null or expired.

"American patents and trademarks might be limited in Germany by an act of Jan. 3, 1918, if it lay in the public interest and a German could have, under certain circumstances, a license to use American patent. This order was issued because America long before had passed a similar law and operated hesitantly. Germany was particularly hesitating in all these questions notwithstanding the fact that America passed a law of this kind, because Germany hoped to be able soon to resume friendly business relations with the United States."

The ministry of justice quoted A. Mitchell Palmer, formerly alien property custodian of America, as having declared in his report to the United States Senate in February last, that Germany had done the same as America in liquidating alien property, but had always been a little ahead of America in doing so.

"It is false to say that Germany preceded America and correct to say that Germany only used retaliation," said the minister.

ELEVEN BOYS DROWNED ON OUTING EXPEDITION

Waves in Big Pond at East Otis, Mass., Tipped Over a Flat Boat and Several Canoes.

Springfield, Mass., July 26.—Eleven boys, all members of the Springfield Boys' club, were drowned yesterday noon in Big pond, East Otis, when a flat boat and several canoes in which they were being towed, were tipped over by high waves.

The boys, who were in camp with 42 other boys on an island, had been on the mainland for athletic sports and were being taken back for dinner. About half way across, a high wind came up, causing a wave to partly fill a flat boat with water. When the launch towing them struck back to the mainland, other waves quickly filled the boat and it soon sank.

ARE PUT AT DISADVANTAGE.

Because American Business Is Not Truly Represented in Brazil.

Rio De Janeiro, Brazil, July 25 (Correspondence of the Associated Press).—North American ship owners are placing themselves and North American business concerns at a disadvantage with their European competitors here because their agents in this city are not actually representatives of United States concerns, according to the American Chamber of Commerce for Brazil.

This body recently appointed a committee under the chairmanship of Acting Consul General Haaskarl to investigate the shipping situation as it affects North American business. The committee reported that by leaving to the discretion of ship captains the selection of agents, North American owners have been heavily overcharged for repairs and other necessities in this port and that eventually this expenditure falls on the shipper.

It is declared by the chamber that this condition is a vital weakness in the foreign trade development of the United States. A remedy the recommendation is made that North American vessel owners either establish their own agencies or authorize the United States consul general to recommend agents, not only in Brazil, but in all South American countries.

TERMS AGREED UPON.

For Settlement of the Marine Strike on Atlantic Coast.

New York, July 26.—Terms for settlement of the seamen's strike which has tied up shipping from Portland, Me., to Galveston, Tex., were agreed upon late last night by representatives of the United States shipping board, American Steamship association, and International Seamen's union. It was announced that these terms before becoming effective, must be ratified by the seamen at meetings in the principal ports to-day.

HOUSE TO PROPOSE FIVE-WEEK RECESS

Although Important Hearings Would Be Continued During That Period—Senate Leaders May Object to the Proposal.

Washington, D. C., July 26.—Majority leaders of the House have decided to propose to Senate leaders a five-week recess of the House, beginning next week, very effort in the meantime being devoted to clearing the calendar. The plan contemplates that hearings on tariff, railroad and marine matters, war department investigations and similar committee work continue during the recess. Republican Floor Leader Mondell holding that the attention of committee members could be concentrated on these hearings if the House itself was not in session.

There was indication to-day that the Senate leaders might raise objections to the plan, as the Senate is expected to enact several bills in the intervals of debate on the peace treaty, which would be delayed if the House was in recess. Consent of the other body is necessary for either House or Senate to recess for more than periods of three days at a time.

BELOW THE LIVING WAGE.

Many Assistant Instructors and Some Instructors at Harvard Get.

Cambridge, Mass., July 26.—Salaries of many assistant instructors and some instructors at Harvard university are lower than wages paid the street carmen, according to figures made public to-day in connection with the announcement of plans for a \$100,000,000 endowment fund campaign. In a salary roll of \$1,000,000, two-thirds of which is paid to members of the faculty of arts and sciences, some instructors receive less than \$1,000 a year while some assistants receive as low as \$500.

Harvard graduates from all parts of the country will attend a three-day session here next week to perfect plans for the raising of the endowment, from which salary increases of at least 25 per cent are assigned to the teaching staff.

TENNIS DREW A CROWD.

The Two Wrights Against Biddle and Garland Attracted Chief Attention.

Newton, Mass., July 26.—Semi-finals in the New England sectional doubles tennis tournament attracted a large gallery at the Longwood Cricket club to-day with interest divided between the two matches. Beals and Irving Wright of Boston were scheduled to meet Craig Biddle of Philadelphia and Charles S. Garland of Pittsburgh, while the 1916 champions, R. Norris Williams and W. M. Washburn, had Richard Marts and C. Caner of Boston as opponents.

Biddle was also on the card for a fourth round match with T. R. Pell of New York in the singles competition for the Longwood bowl.

SHIPMENT OF ARMS TO MEXICO CONTROLLED BY STATE DEPARTMENT

Authority Which Was Vested in War Trade Board During War Has Been Transferred by Pres. Wilson.

Washington, D. C., July 26.—Control over the exportation of arms and munitions to Mexico, vested during the war in the war trade board, was again delegated to the state department in a proclamation signed by President Wilson on July 12 and published to-day.

State department officials said the president's proclamation constituted a new policy. The laws with respect to shipments would be strictly enforced, they said, by the constituted civil authorities, assisted by the soldiers on patrol duty on the border.

TALK OF THE TOWN

John Wilson, who is spending his summer at Worcester, is confined to his rooms on account of illness.

Mrs. M. F. Wood of Athol, Mass., who has been visiting at Worcester with her father, J. R. Wilson, was a business visitor in Barre to-day.

NORTHFIELD TENEMENT HOUSE PARTLY BURNED

Fire Started in Shed of Reed House on Central Street and Soon Spread Through Entire Building.

Northfield, July 26.—The Reed house on Central street was practically destroyed by fire Friday afternoon. The fire was discovered in the shed and the alarm was sounded, but before the fire companies arrived, the building was a mass of flames.

The house was owned by the late H. E. Reed and is now the property of his daughter, Mrs. George James of Hardwick. It is a double tenement, one tenement being occupied by Mrs. James and the other by Mr. and Mrs. Fred Canning. Mr. Canning's auto and about all the household goods of both families were saved. It was necessary to use water on John Harrigan's house, which is south. The cause of the fire is not known.

STRIKE TROUBLE IN COURT.

Burlington Chocolate Factory Girl Has the Foreman Arrested.

Burlington, July 26.—Henry J. LaPointe, a foreman at the Vermont Milk Chocolate company's plant, was arrested yesterday morning, charged with breach of the peace, the arrest being made on a warrant by the city grand juror. The complainant is Miss Harriet Garvey, who sets forth that LaPointe struck her a blow in the face which rendered her unconscious.

LaPointe was brought into the city court yesterday afternoon before Judge Jed P. Ladd and after a preliminary hearing, was released on \$100 bail, furnished by Frank Morin, for his appearance in the court room on Monday afternoon at 2 o'clock.

UNION FORMED IN BURLINGTON.

Candy Factory Workers in Large Numbers Met Last Evening.

Burlington, July 26.—A union of bakers and confectioners' workers was formed at a meeting in the armory last evening of 145 girls and 125 men, employees of the Vermont Milk Chocolate company.

They were organized by the American Federation of Labor organizers, Jack P. Mason of Burlington and Alex. Ironside of Barre.

A representative from the international body of the bakers and confectioners' workers will arrive from Chicago the first of next week, and efforts will be made toward a settlement of the strike.

Father Delaney of White River Junction visited at the home of James T. Morrison of Tremont street yesterday.

AUTO ACCIDENT CAUSED DEATH

Charles C. Kendle of Randolph Plunged Down a Bank at Bethel

PINNED UNDER CAR; THREE RIBS BROKEN

Traumatic Peritonitis Developed and Died on Occurred Yesterday

Bethel, July 26.—Charles C. Kendle of Randolph, aged 27 years, died yesterday at the sanatorium of a traumatic peritonitis, resulting from an automobile accident a few days ago, when his car, containing himself, his wife and three children, one a neighbor's child, went over a 20-foot bank into the White river opposite W. W. Perkins' residence in this village. Three ribs were broken when he was pinned under the car.

The deceased was a native of Arkansas and came to Brookfield a few years ago, where he was engaged in farming until a few months ago, when he bought the Callahan bakery at Randolph.

His wife was within call most of the time since his injury. Dr. Greene wired her mother in Portland, Ore., yesterday afternoon and in a few hours received a reply with instructions to hold the body until her arrival. The body was carried from the sanatorium to the Lee Cady's undertaking rooms, where it was embalmed.

The funeral will not occur for several days, pending the arrival of his mother-in-law.

Besides his wife, Mr. Kendle is survived by a son aged 10 and daughter, six.

SUES CENTRAL VERMONT.

Victim in Deraiment at Royalton Asks for \$3,000 Damages.

As far as could be learned to-day, the first suit as a result of the accident which took place near Royalton June 4, when the New England States Limited was derailed and several persons injured, has been started by John T. English of New York bringing suit against the Central Vermont Railway company and in which G. F. Lackey, deputy U. S. marshal, on Friday served papers upon the clerk of the corporation, E. R. Corlies of St. Albans. The suit is to recover \$3,000. English suffered a two-inch cut on his breast and bruises.

Reardon officiating. She leaves besides her husband, George Lawrence of this city, one son, Otto Lawrence of this city, and four brothers, Eugene Hazelton of West Woodstock, Frank Hazelton of Sherburne and Edwin and Elroy Hazelton of Bridgewater. The bearers were Eugene, Frank, Edwin and Elroy Hazelton. Others from out of town to attend the funeral services were Miss Hazelton, Mr. and Mrs. Vern Dunrick of Bridgewater.

The body was taken to the Hope cemetery for burial.

PROPOSE 100 NEW HOMES.

Building Organization Is Being Formed in Burlington.

Burlington, July 26.—Burlington's housing problem is on the way to solution, if the plans of the Burlington Chamber of Commerce are carried out. This organization has prepared a plan to get the business men of the city behind a building project, and papers will be circulated to-day among the leading business men of the city to secure their co-operation and give them an opportunity to get in on the ground floor of this big project, which includes the formation of a realty company to build 100 or more houses in Burlington, which will be sold to those desiring homes, thus going far to improve the cramped housing conditions in the city and at the same time stimulate an interest in building.

TAKES SECRETARY POST.

Harold H. Chadwick of St. Albans to Be With Cong. Greene.

St. Albans, July 26.—Harold H. Chadwick expects to leave this afternoon for Washington, D. C., to take the position as secretary to Congressman F. L. Greene of Vermont in place of Willis E. Monty, who resigned to go as an attorney for the U. S. shipping board. Mr. Chadwick was employed by the St. Albans Messenger eight years, two years as a reporter and six years as news editor, after which he enlisted in U. S. service in the world war and went overseas, returning last month.

One of the worst storms in years to burst over Worcester was that of Thursday afternoon, when many shade trees and fruit trees were destroyed. The little brook running through the town had been very low for some time, but in a few minutes after the cloudburst occurred over Worcester mountain the rivulet was a raging torrent. Hailstones did some damage to crops, and some of the roads were badly washed out.
